

CLARISSE CASI CARINO

Full Stack Developer

(+33) 605 525 833 * casi.carino.business@gmail.com * github.com/clarissecasicarino * 3 Rue de Lasteyrie 75016 Paris

Summary

With nearly two years of experience in full stack development, specializing in e-commerce, I am more than capable of handling front-end and back-end technologies in web and mobile applications. I create visually captivating user experiences, and develop seamless Application Programming Interfaces. Ultimately, I am a fast learner and a team-oriented professional with the ability to translate business requirements into concrete software solutions.

Experience

SM Retail

Pasay, Philippines

Full Stack Developer (Full-time)

09/2022 - 03/2024

- Architected and developed middleware solutions that streamlined card linking, enhanced security through two-factor authentication, and automated member registration and virtual loyalty card creation, significantly improving user experience and engagement for the **SMAC&Shop** platform.
- Demonstrated strong problem-solving skills by identifying and resolving complex technical issues in order to improve system performance.
- Implemented a range of requested features by stakeholders, ensuring dynamic functionality and enhanced user experience on both web and mobile platforms.

Zuitt Coding Bootcamp

Remote

Student Developer (Full-time)

04/2022 - 05/2022

- Capstone Project 1 - Website Portfolio: Created a fully-responsive website using HTML, CSS, and Bootstrap. <https://clarissecasicarino.github.io/webportfolio/>
